Sak Awale

Web Developer

👤 Profile

Self-taught software and web developer, I am a detail-oriented professional with a passion for problem-solving. I continually search for ways to expand and improve my skill set. Knowledgeable in user interface, testing, and debugging processes. Experienced with the latest cutting-edge development tools and procedures. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

💼 Experience

Freelance Web Developer at Fiverr, London

August 2021 — Present

- Optimised HTML email templates to improve click-through and conversion rates.
- Enhanced front-end performance through image optimisation and clean coding practices, accelerating load times.
- Planned, developed, tested, deployed, and maintained web applications.
- Remained dedicated to emerging technology and the latest digital marketing concepts.
- Managed e-commerce platform with 200+ users' website Odzboxfit Apparel.
- Effectively translated client requirements into application designs and system requirements.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout.
